

United Way of Odessa (UWO) raises funds.

CI volunteers conduct follow-up evaluations through mid-year and final reports on results achieved.

Following approval, funds are distributed among UWO.

Approximately 50 CI Volunteers review agency applications, budgets, audits, performance histories and program outcomes.

CI volunteers visit Partner Agencies to see first-handed the work being accomplished with the UWO funds.

When the funding balance is complete, the CI Committee submits a final recommendation to UWO's Board of Directors for approval.

The CI Committee operates within UWO's Board of Directors to review and balance funding recommendations from volunteers.

CI volunteers meet to discuss funding recommendations for each program under consideration.
